

SELF-PRIMING ELECTRIC PUMPS

EPM-050 EPM-120 EPM-230

EPT-050 EPT-120 EPT-230 EPT-350

Reversible self-priming pump for alimentary liquids.

Pump section entirely made of AISI 316 stainless steel. The electric motor is painted with anti acid paint.

The special mechanical seal supplied gives maximum assurance of no leakage up to over 90 °C.

All pumps comes with a stainless steel trolley.

The small model comes with 1-1/4" mouths and two nylon connections for 30 mm hoses, while the two bigger models comes with standard DIN mouths (hose connections excluded).

Single-phase 230 V/50 Hz

Model	Power (Hp/KW)	rpm	Mouths	Flow capacity @ 0 mt. (Lt/Min)	Flow capacity @ 5 mt. (Lt/Min)
EPM-050	0,6/0,45	2800	1-1/4" / DIN 32	58	47
EPM-120	1,5/1,1	1400	1-1/2" / DIN 40 / DIN 50	120	105
EPM-230	2/1,5	1400	2" / DIN 50	230	210

Three-phase 400 V/50 Hz

Model	Power (Hp/KW)	rpm	Mouths	Flow capacity @ 0 mt. (Lt/Min)	Flow capacity @ 5 mt. (Lt/Min)
EPT-050	0,7/0,55	2800	1-1/4" / DIN 32	58	47
EPT-120	1,5/1,1	1400	1-1/2" / DIN 40 - 50	120	105
EPT-230	2/1,5	1400	1-1/2" / DIN 50	230	210
EPT-350	5,3/4	1400	2" / DIN 50	350	320
